

PasTest®

Dedicated to your success

Dear Candidate

Thank you for your interest in our PACES course, I hope we've been able to provide you with all the information you need to choose us with confidence.

We know what passing PACES means to you and your career, so we don't underestimate how much you're trusting us with your preparation. Our aim is to give you a personalised PACES experience, with emphasis on your own preparation needs. Pre-course questionnaires are designed to tell us where your weak areas lie, what you're most anxious about and help us focus on supporting you at the course. We want you to get the most out of the course. In addition to our main emphasis on exclusively selected vast variety of short cases, history taking, communication skills, we will also be covering information on long cases for MRCP(Ire) candidates.

PACES success often comes down to examination approach technique and we focus heavily on this in the pre-course material. Short films demonstrating perfect examination techniques across commonly failed areas and lectures addressing ethical and legal issues by experts will be some of the unique highlights of this course. The pre-course is designed specifically to suggest improvements to the way you approach cases, and give you new skills that you can go on to perfect at the course with careful guidance from our experienced faculty.

Please do not hesitate to contact me if you have any questions, I look forward to meeting you at the course.

Kind regards,

Dr Anil Taneja BSc (distn) MBBS MRCP(UK) MRCP(Ire) MSc(card-distn) MD
Course Director
